6/9/06	R02-01-011	Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.
--------	------------	---

Summary: On June 6, 2006, William H. Booth, counsel for the California Large Energy Consumers Association, met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present were Lynn Carew, advisor to Cmmr. Chong, Rami Kahlon, advisor to Pres. Peevey, Theresa Cho, advisor to Cmmr. Grueneich, Peter Hanson, advisor to Cmmr. Brown, Chris Danforth of the Office of Ratepayer Advocates, Mark Huffman and Roger Goldstein for Pacific Gas and Electric Company (PG&E), Steve McClary for the Alliance for Retail Energy Markets, and Mike Florio for The Utility Reform Network. Parties discussed the joint recommendation of these parties, and Southern California Edison Company (SCE) and the California Manufacturers and Technology Association (CMTA). Booth stated that parties had come to an agreement regarding several issues pertinent to the Direct Access Cost Responsibility Surcharge (DA CRS) and that they had incorporated their agreement in a joint proposal. Booth noted the dissatisfaction of parties with regard to previous attempt to quantify the DA CRS components. Booth stated that the parties in the meeting, as well as SCE and CMTA, have proposed a modification in the method of determining the indifference fee element. Huffman noted that the agreement will result in PG&E's DA CRS undercollection balance reaching zero on July 1, 2006, and that it will necessitate a change in the development of the DA CRS charges to its customers; prospectively, it will assemble each of the DA CRS elements on a bottoms up basis and will not impose a cap on such charges. Huffman also discussed the interaction of the 'statutory' approach to development of the CTC and the indifference fee, and noted that a delay in the Commission's decision on this matter would complicate the utility's implementation of such charges. Booth noted that the proposal is also time sensitive for SCE and its

customers.

Summary: On June 6, 2006, William H. Booth, counsel for the California Large Energy Consumers Association (CLECA), met with Robert Lane, advisor to Cmmr. Bohn, at Max's Diner in San Francisco. Also present was Steve McClary, consultant to the Alliance for Retain Energy Markets (AReM). Booth and McClary discussed the joint recommendation of CLECA and AReM, and Southern California Edison Company (SCE) and the California Manufacturers and Technology Association. Booth stated that these parties had come to an agreement regarding several issues pertinent to the Direct Access Cost Responsibility Surcharge (DA CRS). Booth noted the dissatisfaction of parties with regard to previous attempts to quantify the DA CRS. McClary stated that the agreement will result in PG&E's DA CRS undercollection balance reaching zero on July 1, 2006, and that this will necessitate a change in the development of the DA CRS charges to its customers; prospectively, it will assemble each of the DA CRS elements on a bottoms up basis and will not impose a cap on such charges. Booth noted that the proposal is also time sensitive for SCE and its customers. Booth and McClary urged that this matter be processed expeditiously and that the joint proposals on DA CRS issues be adopted.
